

FACE TO FACE SESSIONS: 17-21 October, 2022 in León (Spain)

ONLINE SESSIONS: Nov, 2022-Jan, 2023

The way we consume and produce has an expiration date. Destructive impacts of the pace and manner humans consume and produce worldwide are no longer valid. Economic and social progress cannot be an excuse anymore.

PROGRAM HIGHLIGHTS

- 24 places for outstanding Doctoral students from the Universities of the EURECA-PRO Alliance.
- Acquire a series of transversal skills (communication & leadership) as well as specific insight on Responsible Consumption and Production.
- Training, mentoring, and coaching to improve your research profile.

Establish a benchmark in your researcher's career within an innovative learning and productive environment.

This Forum aims to combine disciplines looking toward the challenges within the UN Sustainable Development Goal number 12 on Responsible Consumption and Production.

The process is intended to be a continuous exploration on the opportunities, new findings, and innovative solutions that can happen within these transdisciplinary groups.

WHO CAN APPLY?

Doctoral students (from their second year in a doctoral program) from the Universities of the EURECA-Pro Alliance, working on topics related to Responsible Consumption and Production. This includes researchers in the areas of Economy, Engineering, Governance, Urban Planning, Management, Legislation, Communication, Health, Environmental sciences, Education, among others.

YOUR OPPORTUNITY TO MAKE A DIFFERENCE IN YOUR RESEARCH CAREER IS BEHIND THIS APPLICATION FORM

Deadline: September 19th
